

New Year Resolution

The staff at Australian Golf Schools hopes you had a Christmas to remember and that Santa was kind to you.

The 2011 year kicks off with work, lifestyle and of course your favourite sport, Golf.

Are you going to stay committed to your New Year Resolutions?

Here are two simple tips when goal setting,

Realistic

We would all love to perform outside our own ability, but as one famous actor quoted in a classic movie "A person got to know their limitations" so keep your goals realistic.

Achievable

There's no better feeling or sense of accomplishment than when you have been able to do something for which you strived. Alternatively, never reaching the finish line can be demoralising and a real confidence killer.

Simply write them down and keep your goals realistic and achievable, by the way, there is no law against adjusting them over time.

Our refresher schools (1- 3 day's) are proving popular early in the year . These are a great way to kick start your 2011 golfing campaign on the right track.

Wet Weather

The current downpour being experienced along the North Eastern Coastline of Australia is having a huge impact on many sectors. The golf industry is suffering badly, most courses have been closed more days than they been open causing loss of employment for staff, diminished revenue for Golf Clubs and extreme depression for all the fanatical golfers just wanting to play.

Our thoughts are with those directly affected by the floods and heavy rain. The sun will shine brightly soon !

* Here is a good tip in the meantime.

Bag Coveralls - if you don't have one in your bag then we highly recommend you purchase one before your next game. They cost around \$20 and cover your entire bag, you won't believe just how dry they keep your gear, you can also place your towels under them to keep them dry. Ask your local pro for one.

Testimonial

Hi Tom , hope you are well. just wanted to let you know that I have been working on what you taught me last time I was up & it all seems to be paying off.I last wrote to you in October when I had a 78 since then the worst I have had is a 83 .I have had couple of wins & few runners up. Never been so consistent in my life. Had 79 on weekend with triple & double bogey, 3 birdies, 7 few near misses. I will try to get at least a day with you next time I come up which is looking like being in April if not before. Thanks for all your help I've never been enjoying my golf as much. Regards, Phil Corby Chartered Loss Adjuster and Area Manager
