

Merry Christmas

The staff at Australian Golf Schools would like to wish everyone a very Merry Christmas. We hope the festive period is filled with joy and happiness.

Those memorable dinners and luncheons are a great way to reflect on the 2010 golfing season and to share your proudest moments with family and friends.

Wet Festive Period

If you live on the East Coast of Australia, it's more than likely you will be faced with a wet holiday. Wet weather golf is always made more disruptive by not preparing properly for the wet round. Follow these easy tips to keep your golf at the top of your game and stay ahead of the

competition.

- Always carry your umbrella with your bottom hand
- Use synthetic gloves
- Insert a tee in the butt end of each club to keep them off the base of the bag
- Swap wet towels with dry ones between nines
- Use your most lofted clubs for tee shots, 5 woods e.t.c
- Know the R&A rules on casual water procedures

Did You Know - Teeing Ground

The R&A rules of golf state that a player must tee the ball between the teeing markers, but not forward of the markers. However, you are permitted 2 clubs lengths back from the markers, which creates an imaginary rectangle tee off zone. So why is this important?

1. Overhanging trees or close obstructions can restrict your natural ball flight, so utilising the total area can help overcome this.
2. The tee ground is not always level, using your maximum tee off area may allow you to find a flat section.
3. The ground between the markers are usually heavily soiled from divots, especially when playing par 3s.
4. You are permitted to take a stance outside the zone, as long as you have the ball teed inside the zone, thus creating a greater angle for a desired shot.

Gift Vouchers

Australian golf Schools have specialised Gift Vouchers. These can be used for a number of special occasions, so if you are thinking of a Christmas Gift, then express post will be utilised ensuring your vouchers arrive on time. Contact us immediately for further information.
