The philosophy of Australian Golf Schools is to provide a specialised and flexible approach to satisfying the needs of the individual golfer, golfing groups and the golf industry in general.

### **5 DAY GOLF SCHOOLS:**

Our golf schools are designed as an intensive 5 days of golf.

The school opens with an introductory cocktail party at 6.00pm on Sunday. After dinner we explain the program for the week and outline thoroughly what we will teach you - i.e. our concept of the golf swing.

Monday starts 8.00am at the golf range. We record your personal video before we work on your swing, and towards the end of the week we video you again - in this way we get a before and after sequence. You take this record home with you as a permanent teaching aid.

We work with you individually throughout the morning as well as having a clinic midway through the session. The clinic will emphasise a different topic each day; e.g. bunker play - short game etc.

After lunch we play with you to see how you handle the scoring side of golf. We are also interested to see how you translate what we are teaching you on the practice range to the golf course.

During and after dinner we answer any queries or thoughts that have arisen throughout the day and ensure you are clear on what will be worked on the following morning.

Tuesday, Wednesday and Thursday follow the same format as Monday. Friday is spent at the range and the School finishes after lunch.

#### **Inclusions:**

- Computerised / video swing analysis
- Proven teaching method
- Unlimited range balls

### **1, 2 and 3 day GOLF SCHOOLS:**

Following numerous requests for "Refresher" courses from ex-students, we began these shorter schools.

The daytime format is the same as that of the normal 5 day school but there is no evening activity. If you wish we can arrange your accommodation.

We do not set dates for these schools as we can arrange them to suit our pupils. They can be **weekend** or **midweek**.
